Student Clinic Policies:

Cancellations/No Shows/Appointment Changes: CIMT strongly enforces a **24 hour cancellation policy**. Any cancellations or changes to appointments must be made **at least 24 hours prior** to the appointment time for any refund or credit to be given. Our wish is not to inconvenience you; only to ensure a firm commitment for each appointment. There is a strong demand for student clinic (we are booked an average of three weeks out), and we would like to accommodate as many of our clients as possible. Should CIMT have to cancel your appointment within 24 hours for any reason, we will issue a coupon for a complementary session.

Non-Members: Appointment cancellations within less than 24 hours **will not** receive a refund
Members: Appointment cancellations within less than 24 hours are required to pay for the missed appointment. If the appointment is not paid for, the member will not be allowed to rebook until paid in full.

Reservations:

Non-Members: Each appointment **MUST** be prepaid before an appointment will be booked.

Members: Membership card holders may book an appointments on an honor system and will be held to the cancellation guidelines

Late Arrivals: If you arrive late, your massage will last for the remaining time. However, you will still be responsible for full payment of the full one-hour session price.

Confirmation of Appointments: The CIMT receptionists will do their best to provide you with a confirmation call the day before your appointment; however, this is considered a **courtesy** call and is NOT a guarantee. So, whether or not you receive a confirmation call, you are still responsible for keeping your appointment time.

Weather Policy: In the event of poor weather conditions, please contact the school prior to your scheduled appointment. If you are unable to reach the receptionist, our answering system will relay current school closing information. If we are closed, we will contact you the next day we are open and will reschedule you for the earliest convenient opening.

Therapist Request: We will do our best to honor special requests for particular student therapists; however, we cannot guarantee special requests due to the schedule changes, etc. If your requested therapist is absent, we reserve the right to schedule you with another therapist. If you specifically request a male/female student therapist, we will do our best to accommodate your needs, but again can make no guarantees. **If you refuse your massage session, please be aware that you will STILL be charged for the session in full.**

Clinic Behavior: We emphasize proper, moral, and professional behavior in our Student Massage Therapy Clinic. Any improper remarks or behavior will not be tolerated and can result in permanent dismissal from student clinic and revocation of membership.

Supervision: Please be advised that because we are a student clinic, at any time, for the safety and learning environment of the therapists, it is appropriate for the Student Clinic Supervisor to knock on the massage room door, enter the room, and observe the massage treatment being given.

Children: We strongly encourage our clients to not bring their children with them to their massage session as we cannot be responsible for their care and we must ensure a relaxing environment for all of our clientele. If it is absolutely necessary for you to bring your children, then we will request that they remain in the massage room with their parent/guardian while the massage is being given.
Consent to Policies:

I have read and understand the policies of CIMT's Student Clinic and by signing below, I agree to their terms.

Colorado Institute of Massage Therapy
Client Information

Thank you for considering the Colorado Institute of Massage Therapy’s student clinic as a partner in your health care. Our students have 20 weeks of training in preparation to work in the clinic. By this time, the students have a solid foundation in anatomy, physiology, and hands-on massage techniques. A registered massage therapist is available to answer student questions and assist them in devising a treatment plan to ensure that you receive a massage that meets your needs. Please keep in mind that this is a **learning environment**. We encourage you to participate in our student’s learning process by giving them honest and helpful feedback so they can refine their skills. Please allow the students to practice what they are learning and refrain from “directing” the massage. If you feel you need specific treatment, we invite you to schedule with one of our professional therapists. Enjoy your massage and relax!

Roger Patrizio, Director

Student Clinic Appointment Schedule: Times and dates subject to change

Our Location 1490 W. Fillmore St., Colorado Springs, CO 80904
